

Company: BKV Group
Location: Dallas, TX
Job Title: Landscape Architect I
Reports to: Discipline Lead Urban Design & Landscape Architecture

BKV Group has a 40-year history of design excellence (and counting), winning more than 170 regional and national awards to date. We are passionate about how innovation and creative design can shape communities for the better - enhancing the economic, aesthetic, social, and environmental context. At BKV Group, we believe in a collegial, upbeat, opportunistic, and fun working environment. We are dedicated to a never-ending quest to identify new talent that enhances our culture and best serves our diverse array of clients working on a variety of project types including multi-family housing, government, corporate/commercial, education/libraries and hospitality projects.

Position Description:

BKV seeks a Landscape Architect I with 4-8 years' related experience to join our Urban Design and Landscape Architecture practice. The ideal candidate will be a flexible, team-oriented individual with strong time management skills, with experience in all phases of design and documentation. Project related responsibilities include the following:

- Assist with precedent and visioning studies.
- Assists in the implementation of design concepts primarily for multi-family residential exterior spaces and physical environments.
- Prepares complete and comprehensive plans, schedules, and details utilizing Revit software for the landscape architectural construction documents under the guidance of the Discipline Lead of Urban Design and Landscape Architecture. Coordinates the architectural Revit model with each discipline for a complete and coordinated 3-D model and 2-D drawing deliverable as required at each phase of the project.
- Creates color plans, renderings, project elevations, perspectives, and presentation boards for client and other misc. meetings.
- Works closely with the project team to support the construction administration phase with responding to RFI's, submittal reviews, ASI's and PR's.

Qualifications:

- Landscape Architecture degree from an accredited university, with 4-8 years' experience as a licensed landscape architect.
- Familiar with standard concepts, practices, and procedures within the field such as placemaking, ecology, stormwater/drainage, climate, soil, grading, and plant materials. The ability to evaluate the project's impact on the local ecosystem at all stages. Experience with green roof construction a plus.
- Must be proficient in Revit and Microsoft Office Suite. Additional technical skills preferred, such as SketchUp.

As a holistic design firm, BKV Group brings a full complement of architecture, interior design, engineering, landscape architecture, and construction administration services, together, to collaborate from project kick-off to closeout. We believe that teamwork and relationships are the keys to our

success. These diverse perspectives, help us make better design decisions. As such, we are committed to being open, honest, genuine, and thoughtful with each other, our clients, community stakeholders, and consultants.

With 200+ employees sharing knowledge across practice sites in Chicago, Dallas, Hanoi, Vietnam, Minneapolis, and Washington, DC, we create relevant and meaningful design solutions that allow our clients' vision to become a reality. BKV Group offers a flexible, hybrid work schedule with three days in the office (Tues - Thurs) and two days optional for remote working (Mon & Fri). With excellent benefits, competitive salaries, and continuous opportunities for growth, BKV Group gives you the tools to achieve your goals. We invite you to submit your resume and any work samples you would like to share (PDF of no more than 5MB). Please indicate your name, desired position and location in e-mail subject line.
