

Company: BKV Group
Location: Washington DC
Job Title: Senior Landscape Architect
Reports to: Discipline Lead Urban Design & Landscape Architecture

BKV Group has a 40-year history of design excellence (and counting), winning more than 170 regional and national awards to date. We are passionate about how innovation and creative design can shape communities for the better - enhancing the economic, aesthetic, social, and environmental context. At BKV Group, we believe in a collegial, upbeat, opportunistic, and fun working environment. We are dedicated to a never-ending quest to identify new talent that enhances our culture and best serves our diverse array of clients working on a variety of project types including multi-family housing, government, corporate/commercial, education/libraries and hospitality projects.

Position Description:

BKV Group seeks a talented Senior Landscape Architect with 8-12+ years extensive project and leadership experience in landscape architecture to join our Urban Design and Landscape Architecture practice. The ideal candidate will be a flexible, team-oriented individual with strong design and presentation skills, time management, and experience in all phases of design and documentation. Project related responsibilities include the following:

- Lead the local landscape, planning, and urban design for site and open space design concepts for development, office, government, and multi-family residential exterior spaces and physical environments.
- Assist with and oversee the project design drawings, details, and specifications from schematic design through construction documents in Revit.
- Lead client outreach for new project marketing.
- Create marketing plans and assist in proposal writing.
- Presentation of ideas to clients and internal team.
- Create precedent and visioning studies for the built environment essential functions.

Qualifications:

- Landscape Architecture degree from an accredited university, with 8-12+ years' experience as a licensed landscape architect. LEED AP optional
- Experience with Revit, Adobe and Microsoft Office Suite
- Must have the ability to effectively present information and respond to questions from managers, clients and the general public.
- The candidate must be familiar with standard concepts, practices, and procedures within the field such as: placemaking, ecology, stormwater/drainage, climate, soil, grading, and plant materials. Ability to evaluate the project's impact on the local ecosystem. Experience with/understanding of green roof construction a plus.

As a holistic design firm, BKV Group brings a full complement of architecture, interior design, engineering, landscape architecture, and construction administration services, together, to collaborate from project kick-off to closeout. We believe that teamwork and relationships are the keys to our success. These diverse perspectives, help us make better design decisions. As such, we are committed to being open, honest, genuine, and thoughtful with each other, our clients, community stakeholders, and consultants.

With 200+ employees sharing knowledge across practice sites in Chicago, Dallas, Hanoi, Vietnam, Minneapolis, and Washington, DC, we create relevant and meaningful design solutions that allow our clients' vision to become a reality. BKV Group offers a flexible, hybrid work schedule with three days in the office (Tues - Thurs) and two days optional for remote working (Mon & Fri). With excellent benefits, competitive salaries, and continuous opportunities for growth, BKV Group gives you the tools to achieve your goals. We invite you to submit your resume and any work samples you would like to share (PDF of no more than 5MB). Please indicate your name, desired position and location in e-mail subject line.
